Prepare for AZ-204:
Developing Solutions for
Microsoft Azure

May 24, 2022

JHON FELIPE URREGO MEJIA

has successfully completed the online, non-credit Specialization

Microsoft Azure Developer Associate AZ- 204 Test Prep

An online program of eight non-credit courses authored by Coursera and offered through Coursera. This program provides intermediate-level knowledge of designing, building, testing, and maintaining cloud applications and services on Microsoft Azure. Learners who have completed this program should be able to partner with cloud solution architects, cloud DBAs, cloud administrators, and clients to implement end-to-end solutions in Microsoft Azure.

Betty Vandebosch,
Chief Content Officer

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
